## A MESSAGE FROM YOUR MP

### Dear friends and neighbours,

I hope you and your friends and family are well. Over the past few months, I have had the opportunity to participate in many community events, and visit a number of local businesses. Many of these businesses took part in the Canada Summer Jobs program this year. Through this program, our government has funded over 570 youth positions in our riding, this summer alone. Our youth are our future, and providing them with meaningful work opportunities will allow them to thrive going forward!

My favourite part about being your MP is getting to speak to all of you about our community, neighborhoods, and how we can build a better future together – and I thank you for every conversation.

Our government will continue to work hard towards a cleaner greener future, a strong resilient economy, and making life more affordable for everyone.

As always, my team is available to help you navigate federal programs or answer any questions you have by calling 905-479-8100 or emailing us at [Mary.Ng@parl.gc.ca](mailto:Mary.Ng@parl.gc.ca).

**Sincerely,**

Our government has continued to work hard. For our seniors, who we are committed to supporting after a lifetime of hard work. For our small businesses, who are at the heart of Canadian communities and are the engines that drive the economy and whose success will be critical to accelerating an inclusive economic recovery. And for you, because we understand that you are feeling the rising cost of living, particularly through higher grocery bills and rent. We are helping families weather the impacts of inflation by working to put more money back in the pockets of those who need it most.

# Canada Summer Jobs Program *In Markham-Thornhill*

The Canada Summer Jobs Program provides wage subsidies to employers from not-for-profit organizations, the public sector, and private sector organizations with 50 or fewer full-time employees, to create quality summer work experiences for young people aged 15 to 30 years. Our young people are the future of both our community and our country, which is why it is so important that we continue to support them, as best as possible while continuing to be there for small businesses.

**This summer in Markham-Thornhill alone, our government approved over 570 quality jobs for youth, for a total funding investment of nearly \$2 million!**

Taking Climate Action and Putting  
More Money in ***Your Pocket***

This October, a family of four in Ontario should receive **\$186.25** through the Climate Action Incentive rebate.

Through our price on pollution, we are ensuring that it is no longer free to pollute anywhere in Canada while we put more money in the pockets of 8 out of 10 families through the Climate Action Incentive rebate.

# Celebrating our small businesses!

**Small business week was October 16th-22nd! Small business week is a celebration of the businesses that make our neighborhoods vibrant, that drive our economy, and that create millions of jobs for hard working Canadians. When you support small businesses, you support building stronger communities for everyone!**

# Making Life More Affordable in Markham-Thornhill *This Year*

Our government understands that Canadians are feeling the rising cost of living, particularly through higher grocery bills and rent. While inflation is a global challenge – we are helping families weather its impacts by working to put more money back in the pockets of those who need it most, including seniors and low-income Canadians.

## ***Doubling the GST Tax Credit***

Up to an extra **\$234** in the pockets of single Canadians without children and up to **\$467** for couples with two children, by temporarily doubling the GST tax credit.

## ***Dental Care***

**\$1,300** over the next two years for dental care for children under 12, ***starting this year.***

## ***Rental Supports***

**\$500** to qualifying low-income renters ***this year, including students.***
