Winter 2023

A MESSAGE FROM YOUR MP

Dear friends and neighbors,

Happy New Year! Whether you're celebrating the New Year of the Rabbit, Thai Pongal, or readjusting to daily life after the holiday season, I hope that 2023 is off to a good start for you. Over the past few months, I have been fortunate to connect with many of you at local events around the riding. In 2023, I look forward to seeing many more of you!

Even though we faced extraordinary challenges last year, the people of our community always had each other's backs. They supported local businesses, attended events and kept the vibrancy of our community alive. The resiliency of our community brings me great hope for the future.

Looking toward the year ahead, our government is focused on providing you with what our community needs: a healthy environment to raise a family, a good job that you can take pride in, and a strong economy that is inclusive and gives opportunity to everyone.

Should you require assistance navigating federal programs or have any other questions, you can reach us at 905-479-8100 or by email at Mary.Ng@parl.gc.ca.

Sincerely,

SAVING YOU MONEY ON HOME RENOVATIONS

In Markham-Thornhill and across the country, many Canadians want to live in multigenerational homes.

To make it easier for families to stay together under one roof, our government has introduced a **Multigenerational Home Tax Credit**.

With this new initiative, homeowners who want to add a secondary unit for a family member can claim a **15% tax credit (up to \$7,500)** on renovation and construction costs.

LOCAL EVENTS

Lunar New Year

Gurpurab

Markham Santa Claus Parade

New Year's Levee 2023

BLACK HISTORY MONTH

Black History Month is a time to celebrate the many contributions and accomplishments Black Canadians have made and continue to make in our country and in our community.

I'd like to thank all of the incredible Black Canadian leaders in our community that are contributing so much to our community and are making it a more inclusive place.

LOCAL INNOVATORS & SMALL BUSINESSES

Markham-Thornhill is home to so many innovators that are disrupting their respective industries. These organizations help drive our economy, create good jobs, and attract the best of the best to our community.

Discussing the ways our government is supporting innovation leadership in our communities with executives from VentureLab

STANDING UP FOR HUMAN RIGHTS

Canada was appalled by the death of Mahsa Amini and the ongoing human rights abuses in Iran.

Our government stands shoulder to shoulder with the women of Iran and will always stand up for human rights around the world.

Hon. Mary Ng holds a candle to demonstrate her support for the women of Iran.

STRENGTHENING OUR ECONOMY AND MAKING LIFE MORE AFFORDABLE

Our government is working hard to attract good paying jobs to Canada. In December alone, Canada created **104,000 new jobs**.

Our ambitious child care plan has **reduced fees** for families with children under 6 at participating child care operators in Ontario **by an average of 50% compared to 2020 levels**.

In December, our government launched the interim **Canada Dental Benefit**, which provides eligible parents and guardians **tax-free payments of up to \$650 per child, per year**.

Our government put a price on pollution because it is the most efficient way to reduce our emissions while **putting more money back in the pockets of 8 out of 10 Canadians**. This year, a family of 4 in Markham-Thornhill will receive **\$976** through the **Climate Action Incentive Rebate**.

Through the **Canada Workers Benefit**, our government is providing targeted, quarterly support of up to **\$2,400** to working families who need it.
